- Start:** Allow 15 minutes from the car park. There will be a punching start, but please try to start within the start time block allocated to you at registration to minimise queues.
- Finish** The finish is close to the start.
- Bad Weather** If bad weather causes a cancellation then this will be notified on both the DEE and the BOF web sites by 6 pm on the Saturday before the event at the latest.
- Terrain** Terrain – Undulating terrain plus a long steep slope extending northwards. Only the red, blue and brown courses go onto this slope for any distance (the red nearly all on paths), the green for a short while, the others not at all. Little thicker forest, mainly runnable forest with bracken and some brambles with holly and rhododendron patches. These are subject to a clearance programme and to growing so the changes in the last 2 years have been mapped where near controls but may be out of date elsewhere – especially little bushes which are now more significant.
- Officials:** Organiser-John Padget (DEE) (01928 733772)  
Planner- Mike Smithard (DEE)  
Controller- Andrew Tarr (DEE)
