

DEESIDE ORIENTEERING CLUB

Delamere East Summer Evening Event 9 May 2007

Officials' Comments

Organiser's Comments – Paul Chavasse

Many thanks to everyone for braving a very wet evening. After such a dry April it was a bit of a shock, but I hope it did not dampen the enjoyment too much. There was a healthy turn out on the longer courses, but perhaps not surprisingly not so many beginners and children on the Yellow and Orange courses.

Many thanks are also due to all the helpers who stood out in the rain - everyone turned up as promised, though standing by themselves at the start of the Blue course I think Matthew and Mike may have wondered why.

We tried to keep all the paperwork as dry as possible, and hope that the map bags served their purpose, so that you managed to get round the courses without the maps completely falling to pieces.

Once again, thanks to everyone for turning out!

Lost Property

One very soggy pair of blue and white trainers - please ring 01829 741915 to claim.

Controller's Comments – Steve Ingleby

I hope you enjoyed your evening at Delamere despite the rain. Pete planned some suitably challenging courses and Paul organised affairs on the day very effectively so I had very little to do both before and during the event. It was a shame that the rain seems to have put people off coming along to the event as we normally expect a larger turnout for Delamere. However those that did turn up seem to have enjoyed their runs so all credit to Pete for all the work he put into preparing for the event.
