

## UPTON & NEWTON, CHESTER NIGHT OR DAY STREET ACTIVITY 12-25 October 2020

### START & FINISH

Handford Road, Upton, Chester, CH2 1TG

### DIRECTIONS & PARKING

At the roundabout at the junction of the A56 and A41, go north on the A41 (signed for Chester Zoo). At the second set of traffic lights (before the footbridge over the road), turn left onto Plas Newton Lane [or, if coming on the A41 from the north, at the second set of traffic lights after the zoo roundabout, turn right onto Plas Newton Lane].

Take the 3rd turning on the right into Newhall Road just before St Columba's Church and the first turning on the left into Handford Road (Post code CH2 1TG). You should be able to park on the streets in that area. DO NOT park in the car parks adjacent to the church and church hall.

### FORMAT

Usual DEE Night Street format - score event with choice of 40, 60 or 75-minute courses. Visiting all controls is around 15k (as measured by planner on bike). Most control points are marked by various items of street furniture eg lamp posts, telegraph poles, fire hydrants, post boxes. Remember to bring a pencil or waterproof pen to write down the answers and something waterproof to put your map and answer sheet in.

If you are new to this format, you might find the control description key below useful:

TP = Telegraph Pole

LP = Lamp post

Hydrant = Yellow & black fire hydrants

PO Box = Look for post code on the bottom left of the white plaque on the post box.

### MAP

Chester North by Northeast, map scale 1:13000, produced by Graham Nilsen

### TIMES

Whenever you like. We strongly recommend that you avoid the morning and afternoon school run times when the area is very busy with pedestrians and cars (there are at least 5 schools within the map area).

### SAFETY

This is not an event. It will be registered as an activity with British Orienteering.

The usual street event rules apply:

No unaccompanied under 16s.

16 & 17-year olds allowed to run only with Parents' written permission.

High Viz top & light required if you choose to run at night. Back-up light advised.

Please watch out for traffic which may include buses when crossing roads.

Remember to bring a pen/pencil to write down answers on the clue sheet and a watch to time your run (write down your own start and finish time on your score sheet).

Scan or photograph your answer sheet and email to [orienteeringj@gmail.com](mailto:orienteeringj@gmail.com) if you would like your answers checked.

If you are in the area before 4pm, visit the café at Weston Grove for post-run refreshments and cake.
