Instructions

You visit every control in order. The site of each control is shown by a purple circle on the map; the triangle is the start, the double circle is the finish. At each control you will find an orange and white marker attached to a post, like in the photo. The description sheet on the left tells you what feature each post is at; the 2-digit code on the marker confirms that you are at the right place. Also on the marker is a letter: to prove that you have visited each control you can write down its letter in the space alongside the description.

Setting off:

The start is marked by the triangle on your map, which is at the green National Trust cabin. With your back to the cabin, so that you are facing east, turn your map (orientate it to north) to match the features around you. The road into the car park is marked in brown on your map. Use the map to decide how to get to your first control. As you follow your route, keep turning the map so that the top of the map is pointing towards North: this makes it easier to match the map to the ground.

Other Orienteering Courses:

To find out about other courses you can do, visit

<https://www.goorienteering.org.uk/>

- forest: run
- forest: slow run
- forest: walk
- forest: fight
- open land
- open with scattered trees/bushes
- rough open
- rough open + scattered trees/bushes
- undergrowth: slow run/walk
- cultivated land
- loose sand (open/wooded)
- car park
- settlement - OUT OF BOUNDS
- other OUT OF BOUNDS
